

ALSA SHIBU

SOFTWARE DEVELOPER

Email: rossemariebiju@gmail.com | LinkedIn: linkedin.com/in/alsashibu | GitHub: github.com/alsashibu

PROFESSIONAL SUMMARY

Detail-oriented and passionate Software Developer with hands-on experience in building, testing, and deploying scalable web and desktop applications. Proficient in core programming languages, database management, and version control tools. Adept at collaborative problem-solving within Agile environments to deliver efficient, high-quality code.

CORE COMPETENCIES

Programming Languages	Python, Java, JavaScript, C++
Computer Science Core	Data Structures & Algorithms (DSA), System Architecture
Databases	SQL, MongoDB
Tools & Platforms	Git, GitHub, AWS, Azure, CI/CD Pipelines
Practices & Soft Skills	Testing & Debugging, Code Review, Deployment, Agile/Scrum, Problem-Solving, Teamwork

WORK EXPERIENCE

Software Developer / Project Intern 2024 – Present
Tech Solutions Inc.

- Write Code:** Developed clean, maintainable, and efficient applications tailored to project requirements and business specifications.
- Bug-Fixing & Testing:** Conducted regular debugging, unit testing, and performance optimization to reduce system errors and boost app performance.
- Collaboration:** Partnered daily with product managers, UI/UX designers, and senior developers in Agile sprints to deliver features on schedule.
- Code-Review & Documentation:** Participated in peer code reviews and authored clear technical documentation for future reference and onboarding.

TECHNICAL PROJECTS

Full-Stack Web Application

- Designed and developed scalable server-side logic and database architecture using **Python** and **SQL**.
- Integrated REST APIs and implemented automated testing to ensure optimal code quality and robust performance.
- Managed version control and continuous integration workflows using **Git** and **GitHub**.

Cloud-Based API & Data System

- Built responsive backend endpoints integrated with **MongoDB** for seamless data storage and retrieval.

- Deployed cloud infrastructure on **AWS/Azure**, streamlining system performance and automated build routines.

EDUCATION & QUALIFICATIONS

Bachelor of Technology (B.Tech) in Computer Science

- **Relevant Coursework:** Data Structures, Operating Systems, Database Management Systems, Software Engineering
- **Certifications:** Cloud Architecture Essentials (AWS/Azure), Version Control with Git
